INDONESIA | 6DAYS / 5NIGHTS

Route: From Yogyakarta to Bali

Type of tour: Culture and nature

TOUR OVERVIEW

Journey through the dramatic countryside of Java, discovering a one of the world's most beautiful islands and its friendly people, en route to Bali. This epic six-day tour takes you to the top sights and attractions from central to eastern Java such as Prambanan, Borobudur and Mount Bromo, where an otherworldly lunar landscape of volcanoes emerges from fields of dried-up lava. The odyssey ends in Bali, after a ferry journey across the strait dividing the two islands.

DAY BY DAY

DAY 1 | YOGYAKARTA

Arrive in Yogyakarta and head straight from the airport to the magnificent **Prambanan Hindu temple**. This vast religious complex was erected in the middle of the ninth century and, after extensive reconstruction, is as awe-inspiring today as it was more than 1,000 years ago. Of the original group of structures, the outer compound contains the remains of 244 temples. Eight minor and eight main temples stand in the highest courtyard. The temple is decorated with **beautiful and elaborate carvings**, and is without doubt one of the most impressive attractions in Yogyakarta Regency. In the evening, you can follow your own programme. Examples of places to visit include the famous Malioboro Street where you can enjoy the hustle and bustle as you trawl through myriad outlets. Maybe even find souvenirs at the many vendors – but try and bargain to get the best offer! At night, this street is famed for lesehan resto, where a lot of local artists will come to you and perform their simple but lovely music.

- **Overnight in Yogyakarta on a bed-and-breakfast basis.**

DAY 2 | YOGYAKARTA– BOROBUDUR – YOGYAKARTA (90km – 3hrs)

After breakfast at the hotel, visit the **Yogyakarta Sultan’s Palace**, which was built in the 18th century in the grand and elegant Javanese architectural style. Known as the Kraton, it lies in the heart of the old town and was built under the orders of Sri Sultan Hamengku Buwono. Afterwards, continue to the famous **Taman Sari Water Castle**, which also dates from the mid-18th century, and then on to the **historic district of Kotagede**. This a neat and picturesque area was the seat of the once mighty Mataram Kingdom. Nowadays it is famous for being the centre of a thriving silversmiths industry and its charming Javanese-Dutch colonial homes. You will have a chance do try out some silver work and to browse the silver gallery and store. Just under an hour’s drive north-west of Yogyakarta is the vast and brilliant **Borobudur** Buddhist temple, which is a UNESCO World Heritage Site. Standing majestically and serenely on a hillock overlooking lush green fields and distant hills, the shrine is without doubt one of the world’s most complete collections of Buddhist bas relief carvings. Return to Yogyakarta for the evening, with the rest of the day free.

- **Overnight in Yogyakarta on a half-board basis. Lunch included.**

DAY 3 | YOGYAKARTA –SOLO – SUKUH – KEDIRI (200km – 6 hrs)

Drive to **Solo** after breakfast at the hotel. Arguably the epicentre of Javanese identity and tradition, Solo is one of the least westernised cities in the island. On arrival in Solo, visit the **Mangkunegaran Palace**, a classical repository of Javanese art and culture. It has numerous priceless treasures dating all the way back to the Majapahit era, more than five centuries ago. Proceed to the **Sukuh ‘erotic’ temple**, which is decorated with wayang stone carvings of Hindu origin. Sukuh is the only erotic temple in Java and dates from the 15th century. It appears that at some stage in history, puritan-minded vandals caused considerable damage to the temple’s erotic depictions. After this visit, continue to the city of Kediri in the Brantas valley.

- **Overnight in Kediri on a half-board basis. Lunch included.**

DAY 4 | KEDIRI – PANATARAN – BROMO (160km – 4 hrs)

Take to the road after breakfast at the hotel to continue your journey through Java’s multicultural past. The day’s first stop is at the **Hindu temples at Panataran**, which are the largest intact Majapahit Empire era temples and also the finest examples of east Javanese architecture and sculpture. Construction began in 1197, during the Singosari dynasty, with building work continuing for another 250 years. Some 30km directly north of Panataran is **Gunung Kelud** (1,731 metres) which is one of Java’s most active volcanoes. It is also very accessible and rewarding to visit, with a plunging crater, steaming vents and a small crater lake. Kelud is in a near-permanent state of growl. Proceed to **Bromo**, perhaps Java’s most famous region. Here you will encounter a lunar-like landscape of epic proportions and surreal beauty. Rising from the guts of the ancient **Tengger caldera**, Mount Bromo (2,392 metres) is one of the three volcanoes to have emerged from a vast crater, stretching 10km across. Flanked by the peaks of Kursi (2,581 metres) and Batok (2,440 metres), the smouldering cone of Bromo stands in a sea of ashen, volcanic sand, surrounded by towering cliffs of the crater’s edge. Afterwards, continue to your accommodation with the rest of the evening free.

- **Overnight in Bromo area on a half-board basis. Lunch included.**

DAY 5 | BROMO – IJEN (245km – 6 hrs)

Mount Bromo really is something else – and there is no better way to appreciate it than at the crack of dawn. It is not the mountain itself but the sheer majesty of the experience: the immense size of the entire Tengger caldera, the supernatural beauty of the scenery and the dramatic highland light. Leave the hotel very early in the morning to catch an excursion to **Mount Bromo**, so you can experience the **dramatic moment when the sun rises and breaks over the caldera**. The trip is reminiscent of an Indiana Jones adventure it and involves a pony ride crossing a sea of sand to reach the base of Mount Bromo. After the magnificent sunrise (weather permitting), return to hotel for breakfast and a shower before driving to Ijen in the far east of Java.

- **Overnight in Ijen area on a half-board basis. Lunch included.**

DAY 6 | IJEN – BALI (260km – 6 hrs)

This morning also starts with an early rise to witness a spectacular sunrise over a caldera. The fabled **Ijen plateau** is a vast volcanic region dominated by the three cones of Ijen (2,368 metres), Merapi (2,800 metres) and Raung (3,332 metres). After driving through a landscape of rice paddies and pine forests, reach Paltuding, a beautiful wooded alpine area. These thinly populated highlands host coffee plantations and a few isolated settlements – Gunung Ijen is Javanese for ‘Lonely Mountain’. Once you have reached the edge of **Ijen crater** after about 90 minutes walking on a good pathway, you can rest while admiring the fantastic landscape of the caldera, the jade-coloured lake, and the deep yellow of the sulphur springs. Return to the hotel for breakfast before heading to **Ketapang** port to catch the ferry to cross the Bali Strait to Gilimanuk with drop off at your selected accommodation in southern Bali (Kuta/ Nusadua/ Sanur/ Jimbaran/ Seminyak).

- **Breakfast and lunch included.**

RECOMMENDATIONS

Comfortable and light clothing is the most suitable for travelling in Indonesia. Visitors should not wear sleeveless shirts, shorts, short skirts or skimpy clothing when visiting places of worship, religious or official buildings. Shoes should be removed before entering a temple or private house. Sun protection, sunglasses, a hat and mosquito repellent can be very useful during your stay.
